

## LIFE 2019 Info Day and Project Development Training, 10-11 April, Sofia Bulgaria

### Your opportunity to meet project partners in Bulgaria

Bulgarian LIFE NCP invites you to Info Day about the Call 2019, which will include a matchmaking session and will be followed by one-day Project Development Training. The events will take place in Sofia on 10-11 April 2019.

#### **About the events**

The **Info Day** about the Call 2019 on 10/04/2019 is open to all potential applicants presenting project proposals on environment and climate actions. The morning information session on the 2019 LIFE call will cover the changes compared to previous years, general information on the thematic priorities and specific information on Climate action. The afternoon will be dedicated to networking with fellow participants to share experience, match with potential new partners and learning from the managers of successful LIFE projects and representative of EASME. Working languages will be Bulgarian and English with simultaneous translation.

The **Project Development Training** on 11/04/2019 will focus on specific technical aspects of the project writing and meeting the requirements of LIFE Programme. It is targeted to experts, who are directly involved in project writing. Key trainer will Mr. Mikko Tiira from Metsähallitus Parks & Wildlife Finland ([www.metsa.fi](http://www.metsa.fi)).

#### **Travel and accommodation costs**

Bulgarian LIFE NCP has the opportunity to reimburse your international travel and accommodation costs. Our budget is limited to 20 foreign participants and to one representative per organization, provided on a first come, first served basis.
